ANGER MANAGEMENT

KEYSTONE RECOVERY CENTER

5 Miles South of Philadelphia Airport

Phone# (800) 558-9600

Contact: Admissions Counselor

The Key Recovery Center

Adult Outpatient Services Program –

1. Adult Partial Hospital Program (PHP) (Brookhaven)
2. Adult Intensive Outpatient Program (IOP) (Brookhaven and Ambler)
(Key Recovery's IOP is designed as an Early Recovery program focusing on the development of relapse prevention strategies and coping skills that a person needs to secure a sober, productive lifestyle.
3. Spirituality and Outpatient Services
4. Offering specialized outpatient groups such as **Anger Management** group and **Co-Occurring disorder group**. New groups will be developed as community needs are identified.
5. **Family Services** – This program, offers individual, group, and family counseling services to the loved ones dealing with family or friends in treatment. The Adult Family Group meets at least 1x weekly at Brookhaven and 1-2x monthly at Ambler.

Adolescent Services

6. **Adolescent Intensive Outpatient Program (IOP) (Brookhaven and Ambler)**
Key Recovery's adolescent intensive Outpatient Program is designed to meet the complex needs of today's adolescents. The adolescent IOP is an excellent option for step down from Partial Hospital or Residential Treatment settings. Comprehensive assessment is utilized to developing an understanding of the severity of the adolescent's drug and alcohol problems and to assess the strengths of each individual admitted into the program. These strengths are then utilized to develop strength based treatment plan goals and develop new skills to aid in the process of change.
7. **Adolescent Outpatient Treatment (Brookhaven and Ambler)**
Outpatient group designed for the adolescent with drug and alcohol or co-occurring problems who need treatment to begin or continue the process of change started in a higher level of care.
8. **Anger Management Groups**
Key Recovery's Anger Management Program includes an eight week curriculum

Referrals come from Social Workers in MCCF. Self pay, Private Pay or County Funding for D&A services provided through Abbington Case Management and Creative Health Pottstown.

MENERGY

SERVICES:

Anger Management Treatment
Domestic Abuse Counseling

Menergy is a counseling and re-education program for men who are physically or emotionally abusive with their partners. This carefully designed 8-month counseling program consists of a:

Beginner level:

3 individual 1-hour sessions for evaluation, assessment and contracting, followed by 10 weeks of 2-hour, once-a-week psycho-educational groups working to stop abusive behavior, emphasizing accountability, taking responsibility and building skills through structured discussions.

Advanced level:

20 weeks of intensive group therapy focused on understanding the roots of the problem and better ways of handling internal and interpersonal conflict.

Provides services to anyone 18 and older who is on probation or parole from MCCF. Specifically targets this population. Informal relationship with Behavioral Health Court and MCCF. Countywide services provided. Spanish speakers available.

EAGLEVILLE HOSPITAL

100 Eagleville Rd.

Eagleville, PA 19403

Phone# (610) 539-6000

Contact Person: Charlie Folks

Email: cfolks@eagleville.org

Website: www.eaglevillehospital.org

Eagleville Hospital provides a variety of non-hospital residential programs for men and women addicted to alcohol and drugs. Eagleville provides a serene, therapeutic atmosphere that encourages rehabilitation

SERVICES:

Mental Health Services

Drug & Alcohol Detox & Inpatient Care

Geriatric Psychiatric Treatment

Acute Co-Occurring Disorder Unit

Non Hospital Level Rehab (Counseling)

Hospital Level Detox – Patients may be admitted to Eagleville Hospital while intoxicated or in withdrawal from drugs or alcohol. Under 24-hour medical supervision, the patient withdraws from the physical effects of substance use disorders. Patients receive care from experienced physicians and nurses who are prepared to treat medical and psychiatric complications that may arise during withdrawal. While detoxification is usually completed in four to seven days, it is only the first step in treating chemical dependency. Once stabilized, the patient may be transferred to one of Eagleville's residential programs, or to an outpatient program.

Non-Hospital Level Detoxification - Upon admission, patients receive a physical examination that includes a review of their health history. Patients admitted to the unit must be free of acute co-occurring medical and/or psychiatric disorders. The length of stay will vary depending upon the severity of the chemical dependence. Once stabilized, patient may be referred to one of Eagleville's residential programs, or an outpatient program.

Provides services to anyone 18 and older who is on probation or parole from MCCF. DOES NOT Specifically target this population. Informal relationship with MCCF. Countywide services provided. No Spanish speakers available.

SERVICES:

Inpatient D & A and Detox Services

Valley Forge Medical Center is an acute and sub-acute care institution dedicated to the treatment of alcoholism, drug addiction, and associated physical and emotional disorders, including HIV/AIDS.

PAIN MANAGEMENT PROGRAM -

The Breakthrough Unit - is an innovative, multi-disciplinary, pain management program at Valley Forge Medical Center. Treatment is based on the **“Addiction-Free Pain Management™ System”** developed by Dr. Stephen Grinstead (www.addiction-free.com). This treatment model is aimed at helping chronic pain patients to manage their pain in a safe, recovery-oriented manner, while improving their overall quality of life.

ADDICTION PROGRAM –

The two major components of the Addictions Program include detoxification and rehabilitation services. The Valley Forge Addictions Program treats alcoholics and drug addicts, ages 18 years and older. All treatment services are based within Valley Forge Medical Center & Hospital, which operates twenty-four hours a day, seven days a week. Initial intake is usually by telephone, where individuals are prescreened for treatment and appropriate level of care. Insurance guidelines are reviewed with the potential patient. Length of stay determination is based upon each patient's needs and justification for continued inpatient treatment.

SPANISH PROGRAM –

At VFMC, we believe that linguistic and culturally appropriate substance abuse treatment is essential for recovery, and should be made available for the Latino community. Therefore, El Programa Latino is staffed with bilingual, bicultural nursing personnel and counselors who follow each Spanish-speaking patient from admission to discharge, and have an understanding of the Latino culture. Individual counseling, group therapy, and educational sessions are all conducted in Spanish. All materials including admission paperwork, treatment planning documentation, patient assignments, and program literature have been translated into Spanish and are readily available.

For more information regarding admission to El Programa Latino please contact our Admissions Department at 610-539-8500 or Steve Yetter, Program Director, at 610-539-8525 ext 446.

MENTAL HEALTH SERVICES

Drug and Alcohol Case Management - Program Description -

The Drug and Alcohol Case Management program ensures that individuals who seek drug and alcohol treatment and are living in Montgomery County and do not have insurance are assessed and placed with the appropriate agencies.

Program Goals and Services -

We assess clients to determine the appropriate level of care. After the assessment, clients are placed in programs such as detoxification, short and long-term rehabilitation, halfway houses and with partial and intensive outpatient services. We coordinate care with drug and alcohol facilities and follow-up with treatment centers to promote continuity of care. We also coordinate transportation to facilities when needed.

For more information or to make a referral, please call **215-830-8966**.

The Creekwood Center is located only 10 minutes north of Abington Memorial Hospital at Abington Health Center – Schilling, one half mile from Route 611. Direct access to the center's parking lot is on Commerce Avenue.

Wrap Around Services

Drug and Alcohol Outpatient Services can provide recovery skills, support and hope in a confidential, safe environment. Out Outpatient Program offers comprehensive substance abuse services including specialized treatment for individuals with co-occurring mental health disorders. Our goal is to encourage individuals whose lives have been affected by substance abuse and chemical dependency to work on personal life issues related to their individual circumstances.

Outpatient Services include:

Comprehensive Screening, Assessment & Referral

Individual Counseling

Specialized Group Therapy

 Anger Management

 Co-Occurring Disorders

 Trauma Recovery and Empowerment

Couple and Family Therapy

D.U.I. Counseling

Psychiatric Evaluations

Medication Management

Prevention-Education Services provide evidenced-based programs to community groups including schools, faith-based organizations and local businesses. Prevention-Education Programs include workshops and group discussions on requested topics including alcohol, tobacco and other drugs, peer pressure, refusal skills, conflict resolution and self-esteem. Parenting skills and family education programs are also offered.

Western Montgomery County Drug and Alcohol Case Management Services provides screenings, assessments and referrals for qualifying uninsured and underinsured Montgomery County residents seeking detoxification, inpatient treatment, half-way house or outpatient services.

Pregnant IV drug users, pregnant women and IV drug users are given preferential access to treatment

Provides services to anyone 18 and older who is on probation or parole from MCCF.

Specifically targets this population. Formal relationship with Behavioral Health Court and MCCF.

Countywide services provided. Spanish speakers available.

CENTRAL MONTGOMERY MH/MR CENTER

1100 Powell St.

Norristown, PA. 19401

Phone (610)277-4600

Email: Central@centralmhmr.org

Contact: Katie Walsh

Central specializes in case management, outpatient therapy, group therapy, parent group, family education, school based counseling, alcohol and drug treatment.

The mental, emotional and developmental health of each member of the community is central to the quality of life of everyone who works or lives in Montgomery County.

Central Montgomery Mental Health/Mental Retardation Center, or Central, is the oldest private, not-for-profit, multi-service community mental health center in Montgomery County, PA. We provide services to more than 4,000 individuals and families through specialized programs, covering a full spectrum of behavioral health services. Approximately one in five American adults have their lives interrupted by some form of mental illness. Central provides the necessary support to enable people living with mental illness to be productive members of society. A partial list of services appears below –

SERVICES:

Clinical Options toward Recovery (CORE) – structured support for people with addiction problems

Intensive Case Management/Resource Coordination – In-community support service for persons with serious mental illness who are crises-prone or unable to maintain steady connections with community-based services

Service Case Management – Services to assist individuals and families in gaining access to appropriate mental health services, resources and supports

Outpatient Services – Clinical support providing communication and coping skills on an individual, couple and family basis

EAGLEVILLE HOSPITAL

**100 Eagleville Rd.
Eagleville, PA 19403**

Contact Person: Charlie Folks
Email: cfolks@eagleville.org

SERVICES:

Mental Health Services
Drug & Alcohol Inpatient
Geriatric Psychiatric Treatment
Acute Co-Occurring Disorder Unit
Non Hospital Level Rehab (Counseling)

As a pioneer in the field, Eagleville offers a variety of hospital and non-hospital residential programs. These services are provided in a multi-disciplinary environment that attends to the related medical, mental health and social problems of individuals with substance use disorders.

Hospital Level Detox – Patients may be admitted to Eagleville Hospital while intoxicated or in withdrawal from drugs or alcohol. Under 24-hour medical supervision, the patient withdraws from the physical effects of substance use disorders. Patients receive care from experienced physicians and nurses who are prepared to treat medical and psychiatric complications that may arise during withdrawal. While detoxification is usually completed in four to seven days, it is only the first step in treating chemical dependency. Once stabilized, the patient may be transferred to one of Eagleville's residential programs, or to an outpatient program.

Provides services to anyone 18 and older who is on probation or parole from MCCF. DOES NOT Specifically target this population. Informal relationship with MCCF. Countywide services provided. No Spanish speakers available.

GAUDENZIA – MONTGOMERY COUNTY OUTPATIENT

55 Marshall St.

Norristown, PA 19401

Phone# (610) 278-1094 / (610) 279-4262

KEYSTONE CENTER

5 Miles South of Philadelphia Airport

Phone# (800) 558-9600

Contact: Admissions Counselor

SERVICES:

The Key Recovery Center

Adult Outpatient Services Program –

1. Adult Partial Hospital Program (PHP) (Brookhaven)
2. Adult Intensive Outpatient Program (IOP) (Brookhaven and Ambler)
(Key Recovery's IOP is designed as an Early Recovery program focusing on the development of relapse prevention strategies and coping skills that a person needs to secure a sober, productive lifestyle.
3. Spirituality and Outpatient Services
4. Offering specialized outpatient groups such as **Anger Management** group and **Co-Occurring disorder group**. New groups will be developed as community needs are identified.
5. **Family Services** – This program, offers individual, group, and family counseling services to the loved ones dealing with family or friends in treatment. The Adult Family Group meets at least 1x weekly at Brookhaven and 1-2x monthly at Ambler.

Adolescent Services

6. **Adolescent Intensive Outpatient Program (IOP) (Brookhaven and Ambler)**
Key Recovery's adolescent intensive Outpatient Program is designed to meet the complex needs of today's adolescents. The adolescent IOP is an excellent option for step down from Partial Hospital or Residential Treatment settings. Comprehensive assessment is utilized to developing an understanding of the severity of the adolescent's drug and alcohol problems and to assess the strengths of each individual admitted into the program. These strengths are then utilized to develop strength based treatment plan goals and develop new skills to aid in the process of change.
7. **Adolescent Outpatient Treatment (Brookhaven and Ambler)** Outpatient
group designed for the adolescent with drug and alcohol or co-occurring problems who need treatment to begin or continue the process of change started in a higher level of care.
8. **Anger Management Groups**
Key Recovery's Anger Management Program includes an eight week curriculum

Referrals through Social Workers in MCCF. Self pay, Private Pay or County Funding for D&A services provided through Abbington Case Management and Creative Health Pottstown.

Mirmont is dedicated to providing compassionate, quality treatment to all those affected by alcoholism, drug dependency and other mental health issues.
Mirmont offers a full continuum of inpatient and outpatient programs and services for adults over the age of 18.

EMPLOYMENT & TRAINING

BAKER INDUSTRIES

184 Pennsylvania Ave.
Malvern, PA 19355
Phone# (215) 291-5700

To inquire about our - WORK PROGRAM

Contact Beth Tiewater if you are interested in joining our work program

Baker Industries is a non-profit work rehabilitation program for vulnerable adults. We provide real work for real wages, employing and finding outside employment for the disabled, recovering substance abusers, parolees, and the homeless, providing in-house job training prior to placement.

While Baker works to directly impact the quality of life of its program participants, the results are much more far-reaching:

- Recidivism rates are reduced
- Welfare rolls are lowered
- Taxpayer rolls are increased

Baker Industries accepts no government funding. Our administrative costs are 8.6% of our operating expenses. 70% of revenue comes from payment of the jobs we do for customers. The balance is provided by individuals and organizations willing to make charitable contributions to our operating costs.

CAREER LINK – Pennsylvania

Commonwealth Workforce Development Services

1855 New Hope St.

Norristown, PA 19401

Phone# (610) 270-3429

Website: www.cwds.state.pa.us

The Career Link Pennsylvania program helps people with resume writing and interviewing skills. It also provides information on companies that are actively hiring in the area. For more specific information on the type of work or training program you are looking for, go to the website and choose the field of interest you wish to search for. Career Link of Pennsylvania has several convenient office locations throughout Montgomery County.

If you are interested in career assistance (finding a job, looking for a better job, improving job skills) or seeking vocational rehabilitation services, CWDS enables you to search for job openings, create a résumé, apply for jobs online, research career information or request vocational rehabilitation services. Use any of the following links to get more details.

Job Seeker Services

The Pennsylvania Job Gateway is an online tool provided to connect job seekers to potential employers. You can search and view current job openings. To apply for a job you must complete online registration.

Certified TAA/WIA Training Programs/Providers List –

You can use this feature to browse the listing of occupational training providers that have been approved through the federal Workforce Investment Act. View detailed information about each training provider as well as the occupational training courses offered to you. For more information about how to access these courses, contact Pennsylvania CareerLink offices.

PA Career Coach –

Find job opportunities tailored to your skills and experience. Get an overview of various occupations, wage information and how it is performing in your local area, and which occupations are in demand.

CARELINK COMMUNITY SUPPORT SERVICES

For general information or to make a referral please contact:

Elizabeth Hutwelker, CPRP, Career Services Director
140 S. Lansdowne Avenue
Lansdowne, PA 19050
Phone: 610-626-6442
Fax: 610-626-2336
Email: ehutwelker@carelinkservices.org

Employment, Education and Training for Career Learning - Employment is a normalizing experience in most people's lives and one that is especially elusive to people with mental illness. CareLink's Career Services programs provides individualized employment, education, and training services to promote self-worth, the development of natural supports, and community integration.

Vocational Assessment - Ours is a collaborative process to gather and evaluate the person's educational and employment history to help identify strengths, resources and needs.

Education Services - Help for people with goals in education, whether to complete a GED, attend job specific training, or earn a college or advanced degree. Through one-to-one coaching, specialists provide information, help with applications, tutoring, advocacy with schools, and problem solving assistance.

Employment Services - We help people match their interests and skills with competitive employment opportunities. CareLink staff members provide job-seeking skills training, targeted job development, on-site vocational support, and retention assistance. Helping people maintain their jobs is a unique feature of our program.

Computer Skills Training - With support from the Beaumont Foundation, Career Services has a computer lab with state of the art equipment and software. Participants use the lab for individual projects, such as homework or job search, and can participate in the software tutorials offered each month by staff. Sample training topics include Internet basics, Windows XP, MS Word, Excel, using e-mail, and accessing on-line education and employment supports.

Disability Management - People can participate in non-stigmatizing groups and peer supports to promote wellness, recovery, and achievement. Current offerings include:

1. Share Group – an employment and wellness peer support group
2. Stress Management Group – a bi-weekly group focusing on managing stress through peer sharing, imagery, deep breathing and stretching exercises, journaling, and art therapy.
3. Specialty skills workshops such as "Interviewing 101" based on feedback from participants and staff observation of need.

Montgomery County Courthouse

P.O. Box 311

Norristown, PA 19404-0311

Phone# (610) 278-3000

EARN PROGRAM - Employment Advancement and Retention Network

The EARN Program is funded by the Pennsylvania Department of Public Welfare through TANF (Temporary Assistance for Needy Families). Participants must be referred to this program.

The goal of the Workforce Investment Act (WIA) and related workforce development programs is to increase the employment, retention, and earnings of individuals served; increase their occupational skill attainment; improve the quality of the workforce; reduce welfare dependency; and enhance the productivity and competitiveness of the nation.

Two programs that help to reach this goal are On-the-Job Training and Customized Job Training. Training is available for WIA eligible participants. These programs are provided by contracts with employers in the public, private non-profit, and private for-profit sector. Contracts cannot be made with employers that exhibit a pattern of failing to provide OJT participants with the same wages, benefits, and working conditions as provided to regular employees that have worked a similar length of time or are doing the same type of work. Employers must commit to continue to employ OJT and CJT participants after successful completion of the training.

On-the-Job Training

On-the-Job Training (OJT) grant funds are provided to reimburse eligible employers 50% of participants' wages in the maximum amount of \$3,500 per participant, not to exceed a total of \$25,000.

Customized Job Training

Customized Job Training (CJT) grant funds are provided to reimburse eligible employers up to 75% of eligible training costs to meet specifications of the occupation prior to employment.

MONTGOMERY COUNTY OPPORTUNITIES INDUSTRIALIZATION CENTER (OIC)

SERVICES:

GED EDUCATION

JOB TRAINING AND EMPLOYMENT PREPARATION

REDI focuses on teaching skills that encourage self-respect, a positive attitude and work ethic, and improved time management techniques for personal responsibilities. Pre-employment techniques, resume writing, and basic communication skills are offered. REDI provides training linkages with organizations such as labor unions for apprenticeship programs that lead to permanent positions.

ELIGIBILITY REQUIREMENTS:

To qualify for Ramsey Educational Development Institute, Inc. (REDI) Training and Employment Services programs, individuals must be:

1. A Pennsylvania Resident
2. Age 18 or older
3. Unemployed, or have income of less than 70% of the Lower Living Standard Income Level

Once accepted into REDI Training and Employment Services programs, student skill levels in the areas of math and reading are initially evaluated. Individual interviews to discuss vocational goals, and a survey of vocational aptitude, are also conducted during the assessment.

If you are interested in REDI Training and Employment Services' programs and believe you qualify, please send us an e-mail telling us about yourself and your interest. Your information will be held in confidence, and we will reply via e-mail promptly.

Ramsey Educational Institute has provided services to approximately 80 clients from the MCCF in the past year and specifically targets this population. Formal relationship with Behavioral Health Court and MCCF. Countywide services provided. No Spanish speakers available.

GED

Tutoring

English Class/ESL

English language/Civics

GED preparation classes are offered in Souderton for students interested in attaining their high school equivalency diploma. Components of the GED preparation class are English reading, English composition, mathematics, science, and social studies. Classes are free and provided by the Pennsylvania Department of Education. Students wishing to attend class must first attend an orientation/assessment session. Once tested, students will meet with the director or student advisor to discuss placement into GED preparation, pre-GED preparation, DLP (Distance Learning Project), or basic skills tutoring.

Effective January 1, 2014, a new GED 2014 test will begin. The new test has four components: Reasoning through Language Arts (RLA), Mathematical Reasoning, Science and Social Studies. The new GED test will be a computer-based test ONLY. Paper versions will NOT be available unless you need accommodation.

Tutoring

The Adult Education program offers free one-on-one, pair, and small group tutoring provided through a grant from the Pennsylvania Department of Education. Students interested in having a tutor must first attend orientation/assessment session for level placement and goal setting. Students interested in tutoring must be able to meet with their tutors at least three hours a week. Students and tutors meet in public places such as libraries or at Keystone classroom sites.

For more information on GED testing, transcripts, study materials, and testing sites, please visit www.gedtestingservice.com

Email: Drobinson@fsmontco.org

YOU MUST BE DIAGNOSED AS HIV POSITIVE TO QUALIFY FOR THIS PROGRAM:

Project HOPE began in 1989 as a demonstration project for case management to assist those infected with HIV/AIDS in Montgomery County. Project HOPE provides the following services to those infected and at-risk for HIV/AIDS:

Medical Case Management

HIV pre- and post-test Counseling

Confidential HIV Testing

Housing (rental subsidies)

Prevention education workshops

Help obtaining benefits

Healthy relationships intervention

Transportation

Food Vouchers

These ideals guide Project HOPE to be the only “full service” HIV/AIDS program in Montgomery County.

OUTCOMES:

Clients should retain care and a suppressed viral load.

These outcomes are tracked through a database.

This program provided services to approximately 5 MCCF ex-offenders in the past year. Countywide services provided. Spanish speakers not available on site.

This is a comprehensive 12-18 month aftercare program for women with children from the community and also ex-offenders released from prison and who have been victims of domestic violence. In the past year we have provided services to 12 women from the MCCF.

OUTCOMES:

Gainful employment and become self-supporting. We offer help in finding an apartment and furnishing it with the money saved by the woman at the end of their stay.

Provides services to females 18 and older who are on probation or parole from MCCF. Specifically targets this population. Informal relationship with MCCF. Countywide services provided. No Spanish speakers are available.

INTERFAITH HOSPITALITY NETWORK & KEYSTONE OPPORTUNITY CENTER

104 Main St.

Souderton, PA 18964

Phone# (215) 723-5430 / Fax (215) 799-0739

The Interfaith Hospitality Network (IHN), collaboration between 32 local faith communities and Keystone, provides shelter and social services to sixteen or more homeless families each year from the Indian Valley of Montgomery County and Upper Bucks County. The IHN brings us together to help our guests regain their housing, their independence, and their dignity when life's misfortunes happen: job loss, disability, fire, domestic violence, and more. Together we give 9000 hours of time each year to reduce homelessness and transform lives.

How the Interfaith Hospitality Network (IHN) works:

1. Churches Extend Hospitality: One month a year two congregations (one each in Indian Valley and Upper Bucks) provide overnight lodging, a home cooked meal and hospitality. These churches become home for three to six families each night.
2. Daily Activities Happen at the Day Center: The Day Center is used as a home base for families to take care of life's chores. Employed guests work during the day, while school aged children go to school.
3. Church Members Volunteer: Volunteers cook, serve meals, play with children, help with homework, stay overnight and provide transportation as needed to and from the day center. They interact with guests, treating them with respect and compassion.
4. Keystone Provides Social Services: Keystone Staff meets with the families to develop goals and monitor action steps: find housing, jobs, government assistance, secure counseling. Client education includes: job training, financial advising, parenting, and nutrition.

Who is an IHN Client?

Many families in our area are one or two pay checks away from homelessness. A job loss, a medical emergency or an unexpected accident can cause homelessness. IHN provides a stable, step-by-step program where clients have an active role and assist in rebuilding their situation. Whether you are a one parent family, two parent family, a mother with children or a single woman, homeless currently, and free of substance abuse we can help you. A background check must reveal no threat to the churches or other families and you must be in compliance with IHN program procedures.

If you would like more information call 215-723-5430 and ask for the community assistance line.

ARHI is a grant funded program available to families who have a concrete need for housing related assistance and could benefit from being connected with appropriate community services. After the Montgomery County Office of Children and Youth responds to a family and determines that a need exists, the family will be referred to one of two Family Centers which allows for child protection and family support in a less invasive way. The goal is to assist families in assessing their ongoing needs and provide support as they develop solutions, in order to stabilize and become self-sufficient.

CARELINK COMMUNITY SUPPORT SERVICES

For general information or to make a referral please contact:

Elizabeth Hutwelker, CPRP, Career Services Director
140 S. Lansdowne Avenue
Lansdowne, PA 19050
Phone: 610-626-6442
Fax: 610-626-2336
Email: ehutwelker@carelinkservices.org

CareLink was founded in 1959 in Lansdowne, PA to provide people with mental illness a progressive alternative to the revolving door of hospital care. Caring support, housing, assistance with jobs, and practical help in the community resulted in more dignity, stability, and hope.

Employment, Education and Training for Career Learning - Employment is a normalizing experience in most people's lives and one that is especially elusive to people with mental illness. CareLink's Career Services programs provides individualized employment, education, and training services to promote self-worth, the development of natural supports, and community integration.

Vocational Assessment - Ours is a collaborative process to gather and evaluate the person's educational and employment history to help identify strengths, resources and needs.

Education Services - Help for people with goals in education, whether to complete a GED, attend job specific training, or earn a college or advanced degree. Through one-to-one coaching, specialists provide information, help with applications, tutoring, advocacy with schools, and problem solving assistance.

Employment Services - We help people match their interests and skills with competitive employment opportunities. CareLink staff members provide job-seeking skills training, targeted job development, on-site vocational support, and retention assistance. Helping people maintain their jobs is a unique feature of our program.

Computer Skills Training - With support from the Beaumont Foundation, Career Services has a computer lab with state of the art equipment and software. Participants use the lab for individual projects, such as homework or job search, and can participate in the software tutorials offered each month by staff. Sample training topics include Internet basics, Windows XP, MS Word, Excel, using e-mail, and accessing on-line education and employment supports.

Disability Management - People can participate in non-stigmatizing groups and peer supports to promote wellness, recovery, and achievement. Current offerings include:

1. Share Group – an employment and wellness peer support group
2. Stress Management Group – a bi-weekly group focusing on managing stress through peer sharing, imagery, deep breathing and stretching exercises, journaling, and art therapy.
3. Specialty skills workshops such as "Interviewing 101" based on feedback from participants and staff observation of need.

Our team of psychiatrists, therapists, nurses, psychologists, certified peer specialist, adult recovery support teams and administrative case managers, develops a treatment plan based on each person's individual needs.

CENTRAL MONTGOMERY MH/MR CENTER

1100 Powell St.

Norristown, PA. 19401

Phone (610)277-4600

Email: Central@centralmhmr.org

Central specializes in case management, outpatient therapy, group therapy, parent group, family education, school based counseling, alcohol and drug treatment.

The mental, emotional and developmental health of each member of the community is central to the quality of life of everyone who works or lives in Montgomery County.

Central Montgomery Mental Health/Mental Retardation Center, or Central, is the oldest private, not-for-profit, multi-service community mental health center in Montgomery County, PA. We provide services to more than 4,000 individuals and families through specialized programs, covering a full spectrum of behavioral health services. Approximately one in five American adults have their lives interrupted by some form of mental illness. Central provides the necessary support to enable people living with mental illness to be productive members of society. A partial list of services appears below –

SERVICES:

Clinical Options toward Recovery (CORE) – structured support for people with addiction problems

Intensive Case Management/Resource Coordination – In-community support service for persons with serious mental illness who are crises-prone or unable to maintain steady connections with community-based services

Service Case Management – Services to assist individuals and families in gaining access to appropriate mental health services, resources and supports

Outpatient Services – Clinical support providing communication and coping skills on an individual, couple and family basis

100 Eagleville Rd.

Eagleville, PA 19403

Phone# (610) 539-6000

Contact Person: Charlie Folks

Email: cfolks@eagleville.org

Website: www.eaglevillehospital.org

Eagleville Hospital provides a variety of non-hospital residential programs for men and women addicted to alcohol and drugs. Eagleville provides a serene, therapeutic atmosphere that encourages rehabilitation

SERVICES:

Mental Health Services

Drug & Alcohol Detox & Inpatient Care

Geriatric Psychiatric Treatment

Acute Co-Occurring Disorder Unit

Non Hospital Level Rehab (Counseling)

Hospital Level Rehabilitation - Eagleville has the expertise and resources to assess and treat medical/mental health problems that often accompany substance use disorders. With state-of-the-art medical/mental health care, Eagleville provides services to patients with a primary substance use disorder diagnosis and secondary medical/mental health problems.

Hospital Level Detox – Patients may be admitted to Eagleville Hospital while intoxicated or in withdrawal from drugs or alcohol. Under 24-hour medical supervision, the patient withdraws from the physical effects of substance use disorders. Patients receive care from experienced physicians and nurses who are prepared to treat medical and psychiatric complications that may arise during withdrawal. While detoxification is usually completed in four to seven days, it is only the first step in treating chemical dependency. Once stabilized, the patient may be transferred to one of Eagleville's residential programs, or to an outpatient program.

Provides services to anyone 18 and older who is on probation or parole from MCCF. DOES NOT Specifically target this population. Informal relationship with MCCF. Countywide services provided. No Spanish speakers available.

GAUDENZIA – MONTGOMERY COUNTY OUTPATIENT

Home Loan Program

Fatherhood Initiative Program

The Fatherhood Initiative program is offered to men at no cost. CADCOM is dedicated to empowering, educating, supporting and challenging men to become stronger, more positive forces within their own families and communities. We encourage men to be role models and want to provide the leadership, social, emotional and spiritual guidance that is needed to nurture our children.

ELIGIBILITY:

To be eligible for this program you must be a willing man, NOT JUST a "father".

It is important for us as men to understand that we learn from each other and ...what we learn, we pass on to the young people whose lives we influence. The CADCOM Fatherhood Initiative follows the "Each One, Teach One" philosophy. *What are you teaching the children that see YOU as a leader?*

The Program Provides:

Group meetings and individual counseling sessions. Through weekly meetings in a group session, The Fatherhood Initiative gives men the opportunity to communicate with other likeminded men who believe that we should all have a responsibility and a desire to leave a positive legacy for our children.

SERVICES:

Parent Education Classes - serving the Norristown community and MCCF:

Parenting Inside Out, Strengthening Families, Guiding Good Choices and Love & Logic.

Transition Support – is available to parents whose children are returning from foster care with the Montgomery County Office of Children and Youth. This provides additional supportive services to parents over a maximum six month period (begins one month before reunification). The goal is to assist families with the adjustment of their children returning home from foster care.

Time Limited Family Reunification Program – Available to parents whose children are placed in foster care with the Montgomery County Office of Children and Youth. This program provides intensive home supportive services to parents for up to 15 months once the child enters foster care.

EXPECTED OUTCOMES:

Increased Family Management

More than 150 participants have been served through these programs in the past year.

Provides services to anyone 18 and older who is on probation or parole from MCCF.

Specifically targets this population. Informal relationship with MCCF.

Countywide services provided. Spanish speakers available.

The Key Recovery Center

Adult Outpatient Services Program –

1. Adult Partial Hospital Program (PHP) (Brookhaven)
2. Adult Intensive Outpatient Program (IOP) (Brookhaven and Ambler)
(Key Recovery's IOP is designed as an Early Recovery program focusing on the development of relapse prevention strategies and coping skills that a person needs to secure a sober, productive lifestyle.)
3. Spirituality and Outpatient Services
4. Offering specialized outpatient groups such as **Anger Management** group and **Co-Occurring disorder group**. New groups will be developed as community needs are identified.
5. **Family Services** - This program, offers individual, group, and family counseling services to the loved ones dealing with family or friends in treatment. The Adult Family Group meets at least 1 time weekly at Brookhaven and 1-2 times monthly at Ambler.

Adolescent Services

6. **Adolescent Intensive Outpatient Program (IOP) (Brookhaven and Ambler)**
Key Recovery's adolescent intensive Outpatient Program is designed to meet the complex needs of today's adolescents. The adolescent IOP is an excellent option for step down from Partial Hospital or Residential Treatment settings. Comprehensive assessment is utilized to developing an understanding of the severity of the adolescent's drug and alcohol problems and to assess the strengths of each individual admitted into the program. These strengths are then utilized to develop strength based treatment plan goals and develop new skills to aid in the process of change.
7. **Adolescent Outpatient Treatment (Brookhaven and Ambler)**
Outpatient group designed for the adolescent with drug and alcohol or co-occurring problems who need treatment to begin or continue the process of change started in a higher level of care.
8. **Anger Management Groups**
Key Recovery's Anger Management Program includes an eight week curriculum

Referrals through Social Workers in MCCF. Self pay, Private Pay or County Funding for D&A services provided through Abington Case Management and Creative Health Pottstown.
